

Welcome to *The North Star's* Coloring Page!

With so many families at home, we wanted to include an activity in this month's issue.
In celebration of Earth Day, we hope your young (or young at heart) family members enjoy an extra activity.

When you're finished coloring, hang your artwork in your window!
Next time your family is out for a walk, see how many other drawings you can spot!

We would love to see your finished art online too!
When you share online, tag us @DenverNorthStar on Facebook, Instagram, or Twitter!
